▶ **Indie Author Project**

The Indie Author Project (IAP) is a publishing community that includes public libraries, authors, curators, and readers working together to connect library patrons with indie-published books.

Authors can submit their eBooks to the Indie Author Project to be added to the Marigold Library System BiblioBoard collection.

Additionally, all submissions will be vetted by industry professionals for the chance to be added to all participating library BiblioBoards across the U.S. and Canada.
